

```
class O { public:  
  class I { public:  
    int A;  
  } objI;  
} objO; C++
```

```
let O={ [I,D]  
  let I={ [I,D]  
    let [E] A  
  }  
}
```

Dynamisches Wissen

```
class O { public:  
  class I { public:  
    static int A;  
  } objI;  
} objO;                                     C++
```

```
let O={ [I,D]  
  let I={ [I,D]  
    let [E,S] A  
  }  
}
```
